5. Planned expenditure 2021-22

Objective: Accelerate progress and attainment in maths and English

We aim for all PPP to make at least expected progress in maths and English, therefore raising attainment in both subjects.

i. Quality of teaching for all and targeted support

ENGLISH Phonics / Reading / Writing:

Addressing barrier...	Item/what we are doing	Evidence/rationale	Target audience	Desired outcome
A	Use Language Link and Sound Link in EYFS to identify pupils who have issues.	Recommend by Speech therapists	EYFS	Limited speech and language skills identified, referrals for speech therapy made, targeted interventions and support given. Measure: EYFS Baseline assessments and Pre and post intervention data.
B	Teach synthetic phonics using Read Write Inc Phonics daily in EYFS & KS1. Interventions and targeted support given as required.	Systematic synthetic phonics is the DfE's chosen approach to teaching children to read. The Read Write Inc. Phonics programme fulfils the department's core criteria and has a successful track record in schools across the UK.	EYFS and KS1	Pupils are making expected or accelerated progress in phonics. Y1 results in the Phonic Screening Check (minimum) are at or above national average (81% 2019). Measure: Progress data from baseline assessment in September and at key points in the term made by the English Reading Leader.
B	Using PiXL Primary assessments to identify gaps in Reading. Targeted support using PiXL Primary reading therapies.	PiXL Primary is an established system of assessment and interventions used nationally with proven results in raising attainment and pupil progress.	PPP in Year 1 to Year 6. PPP with high priority and identified by teachers as vulnerable to lack of progress/wide gap between current attainment and ARE/expected outcomes based on prior attainment.	Attainment of PPP is raised in English Reading because of targeted interventions. Measure: Pre and post intervention data. Termly progress data and end of year data

<p>B</p>	<p>Use Accelerated Reader to enable pupils to be on the right reading level, be able to read widely.</p> <p>Pupils to be heard read in school individually and through guided reading.</p>	<p>Teachers monitoring what children are reading and the data produced in Accelerated Reader lead to improved reading skills. Research shows that pupils who read at least 20 minutes a day with a 90% comprehension rate (average percentage correct) on Accelerated Reader quizzes see the greatest gains.</p>	<p>Year 2 – Year 6 PPP</p>	<p>Attainment of PPP is raised in English Reading as a result of teacher monitoring of reading and teaching pupils to read.</p> <p>Fluency rate increases on half termly assessments. Aim to get 90 words per minutes in KS1 and 110 words in KS2.</p> <p>Measure: Progress from the September baseline Star Reader tests. Termly progress data and end of year data.</p>
<p>B</p>	<p>Use Read Write Inc. Fresh Start program with PPP pupils in KS2 who are identified as at risk or are behind in reading.</p>	<p>Fresh Start is a proven intervention at KS2 to improve phonics, reading accuracy, fluency, and comprehension skills.</p>	<p>Year 5 & 6 PPP identified to need support in developing and improving reading skills.</p>	<p>Pupils are reading at age appropriate levels and they are reading fluently and have improved reading stamina.</p> <p>Measure: Progress data from baseline assessment and at the end of the program. Accelerated Reader reading age reflects progress made and increase in reading fluency checks.</p>
<p>C</p>	<p>Use PiXL Grammar, punctuation, and spelling assessments, and accompanying therapies to target those in need to improve the writing skills of PPP children.</p> <p>Extra support in class for writing skills, including SPaG, provided by TA support.</p> <p>Extra handwriting practice and fine motor control exercises supported by the TA.</p>	<p>PiXL Primary is an established system of assessment and interventions used nationally with proven results in raising attainment and pupil progress.</p>	<p>Year 2 to Year 6 PPP</p>	<p>Attainment of PPP is raised in English Writing because of targeted interventions.</p> <p>Measure: Pre and post intervention data. Termly progress data and end of year data – writing evidence in pupil books.</p>

Mathematics: Arithmetic and Reasoning and Problem Solving:				
Addressing barrier...	Item/what we are doing	Evidence/rationale	Target audience	Desired outcome
D	Use Power Maths (mastery maths) to teach daily maths lessons covering all aspects of maths, developing arithmetic, calculation, reasoning and problem-solving skills.	Power Maths (written by White Rose Maths) is a textbook mastery approach used in primary schools nationally and is recognised and recommended by the DfE as a maths scheme that raises standards in mathematics.	EYFS – Year 6	Attainment of PPP is raised in Maths because of high-quality teaching and targeted support for those who are at risk or fall behind. Measure: Termly progress data and end of year data. Work in pupil books.
D	Use Maths Flex in KS2 to allow pupils to practice and consolidate personalised maths learning at home and in school (linked to Power Maths lessons and topics)	Maths Flex is an online maths learning platform, which personalises the learning experience and pathway for pupils, linked to their learning in maths lessons.	KS2	Teachers can monitor the learning of individual pupils and use this to assess the progress made through the program and use the data generated to inform gaps in learning and what targeted support is required. Measure: Termly progress data and end of year data. Work in pupil books.
D	Use School Jam in In EYFS and KS1 to allow pupils to practice and consolidate maths learning at home (aligned to Power Maths lessons and topics)	A parental engagement app for schools featuring fun, easy-to-use maths activities to support parents with their children's home learning. D	Times Table Rockstars	New Times tables tests in Year 4 means increased focus on knowledge of times tables. Not all our pupils have the fluency and confidence in these skills yet and this is a gap that needs filling. Some children will not have access to this resource at home and we need to ensure we support this in school as well.	Year 2 to Year 6	To improve children's rapid recall of their times tables and their maths confidence in using their multiplication skills. Measure: Mental arithmetic and times tables tests. Year 4 Multiplication Check in June.

Targeted adult support for PPP and PPP with SEND:				
A, B, C, D, E	PPP to receive targeted and general adult support with learning. Teaching Assistants will run interventions (with teachers).	Pupils receiving extra adult support builds confidence, boosts self-esteem and enables pupils to make progress in their learning.	EYFS to Year 6	Measure: Intervention data, termly progress data and end of year data. Work in pupil books.
E	PPP with identified SEND needs in English and Maths to receive extra adult support in class.	SEND pupils receiving extra adult support builds confidence, boosts self-esteem and enables pupils to make progress in their learning. G	Ensure reading books that are going home are at the pupil's reading level and ability. Provide phonics support to parents to help them with hearing their child read via the Ruth Miskin website and flash cards. Support parents to use TT Rockstars, Maths Flex and School Jam on personal devices to support maths learning at home.	Parents are more likely to engage with and support home learning if they feel confident and able to do so.
